ALCAD
Notes to Financial Statement
March 31, 2017 and 2016

1. Basis of Presentation

Description of Business

ALCAD is the Partnership between Tata Chemicals (Soda Ash) Partners ("TCSAP") and Church & Dwight Co. Inc ("C&D"). ALCAD operates a facility in Green River, Wyoming for the purpose of mining and processing trona ore and selling the resulting finished product (soda ash). ALCAD supplies soda ash to TCSAP.

For the purposes of these financial statements, fiscal 2017 is defined as the year ended March 31, 2017 and fiscal 2016 is defined as the year ended March 31, 2016.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"), requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

Royalties

Trona reserves are mined pursuant to lease arrangements with land owners. Such arrangements generally provide for royalty payments based on the selling price of soda ash.

Revenue Recognition

The Partnership recognizes revenue when persuasive evidence of an arrangement exists, delivery has occurred, the fee is fixed or determinable, and collectability is reasonably assured. Revenue is recognized from product sales when title and risk of loss has passed to the customer consistent with the related shipping terms, generally at the time products are shipped.

Income Taxes

The financial statements contain no provision or liability for income taxes because the results of the Company's operations are includable in the taxable income of its partners.
