

Tata Chemicals Global Ethics Number is a confidential way to raise any ethical concerns or practices that violate the Tata Code of Conduct, and have them properly attended to. This global number, available to all our entities, stakeholders and employees, is operated in partnership with an independent service provider, Integrity Matters, to ensure adherence to highest levels of quality and assure callers of complete confidentiality and, where they request it, anonymity.

- Log in your concern at <https://secure.integritymatters.in>
- Write to reportmyconcern@integritymatters.in
